XM Radio is something that I purchased specifically for commercial free entertainment. Capitalism is based on a product being offered and a consumer purchasing it. If the competition has an inferior product, THEY LOSE BUSINESS! You must allow XM radio to continue doing business based on all the consumers who have purchased it. Rather than waiting 15 minutes for a traffic update, I can get a constant stream of information. My job is based on daily travel and this feature is wonderful. I will be watching who votes for regulating XM radio as well as those who have no backbone and abstain. YOU MUST REJECT PETITION-!
